RACE DAY ETIQUETTE

Our races are proudly all inclusive, welcoming participants of every age, ability, and background. Everyone belongs on the start line and is celebrated at the finish. Race day etiquette means **respecting fellow athletes, volunteers, and spectators** —keeping to the correct side when overtaking, listening to marshals, and offering encouragement along the course. Above all, it's about creating a positive, supportive atmosphere where every runner feels valued and safe.
Help us keep the course pleasant for everyone by refraining from pushing, spitting and littering.

RACE START

We will gather participants at the start 10 minutes prior to the start of the races, in order of estimated finish times.
Please start where you think you should be to reduce congestion.

DURING THE RACE

There will be marshals all around the course as well as distance signs and arrows. The course consists of laps around the right side of the lake.

Half Marathon will follow yellow mile signs 1-13
10k will follow green km signs 1-9
5k will follow green km signs 1-4

Half Marathon is four laps and an additional out and back on each lap
10k will be two laps
5k will be one lap

Please note, at the top of the lake there is a key split where Half Marathon runners will take a left and do a U-Turn and the 5k/10k runners both take the right hand side on the approach.
Please stay to the left of the path and overtake on the right at all times unless otherwise instructed by signage or a marshal.
Please drain and discard all litter and emptied bottles within the signed litter zone. There will be large bags and bins within this area that you will pass on each lap of your race.

HEADPHONES

Please note, **headphones are not permitted**, unless bone conducting. Should you choose to wear these, we ask you to keep the volume low in order to remain aware of your surroundings at all times. You risk being disqualified if caught with non bone conducting headphones.
